

FISHNET CHAIR. Design: Sadi & Neptun Ozis.

Archetypical avant-garde. Back then it was ahead of its time. Today, its timeless character is so evident. The Fishnet Chair is classic design history. With artistic impetus, Sadi Ozis wove fishnet between the bent tubular steel framework back in 1959 – due to the lack of materials in Turkey after the Second World War. And in this reissue, featuring an upholstered seat and back, the side chair has lost nothing of its iconic charm. A sculpture in design, authentic and of great innovative power.
